Waiver

I understand that I should be evaluated by a physician for the condition I am requesting consultation. The diagnosis and treatment plan I will be given by Allison Trent DTCM, RAc is based upon Traditional Chinese medical principles and natural treatment only, and does not constitute a western medical diagnosis. I understand that I am not to rely on Traditional Chinese diagnosis and treatment as my sole remedy for the treatment I am seeking. I understand if no substantial improvement is made in the condition for which I am seeking consultation, I am to seek advice from a western medical doctor. Further, if I am concurrently undergoing western medical treatments, it is my responsibility to advise my physician of any herbal supplements I am concurrently taking.

I have stated all medical conditions that I am aware of and will update the practitioner of any changes in my health status. I agree to immediately inform the doctor if I experience any pain or discomfort during my treatment. I assume all risks and responsibilities for myself and release Adjust Your Health Calgary, its directors, and the independent practitioner consulted, from responsibility from any injury or liability that may occur as a result of this session.

I hereby request and consent to the performance of acupuncture care and other procedures related to acupuncture if necessary. This includes needling, moxibustion, cupping, guasha, electro-acupuncture, and other techniques within the scope of practice of the registered acupuncturist named below, in accordance with the Alberta Acupuncture Regulation.

I have had the opportunity to discuss the nature and purpose of acupuncture care and other procedures or alternative care with the registered acupuncturist named below. I understand that results are not guaranteed. I further understand and I am informed that, as in all health care, in the practice of acupuncture and related procedures, even though needles are pre-sterilized and disposable, there are some slight risks to treatment. These include but are not limited to temporary soreness, bruising, blistering, nausea, fainting, bleeding, infection, and shock. I do not expect the acupuncturist to be able to anticipate and explain all risks and complications and I wish to rely on the acupuncturist to exercise judgment during the course of procedures which the acupuncturist feels at the time, based on facts known then, are in my best interest.

I have read the above consent, I have also had the opportunity to ask questions about its content, and by signing below I agree to the above named procedure(s). I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.
